

Exciting Smart Technology opportunity to provide growth for your business

iQ Your Home were pioneers in Home Automation in the UK as far back as 2005. We introduced and marketed the concept of the Smart Home technology to give stakeholders in UK Construction a bundle of benefits - for housebuilders a competitive advantage, for homeowners a technologically driven home with energy and security benefits and for installers a sustainable and growing income stream to supplement traditional revenues.

Installers - if you worked with us back then you will recall we offered a package that included:

- Full training programmes
- Technical know how
- Advice
- Market insight
- Marketing support

▶▶ Fast-forward 14 years

iQ Your Home continues to be a leader in the field of Smart Technology for Homes and Businesses. So too our commitment to working closely with Installers to help you to build your own revenue stream in this area.

IQ Your Home - UK Distributor for Qbus

Our knowledge and understanding of systems & options is unique and we are working closely with Qbus, a European hi-tech provider. We have now been appointed as their UK Distributor with a brief to grow a network of qualified installers.

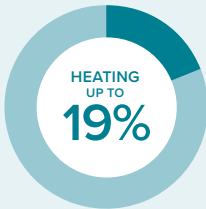

Qbus makes buildings smart for more comfort, less energy consumption & greater security.

Qbus products guarantee the seamless connection of the lighting, heating, cooling, ventilation, screens, audio, alarm and other existing technologies. This ensures effortless communication and interaction between the inhabitant, owner or user.

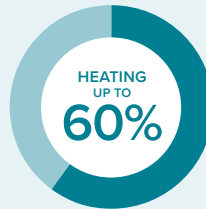

Smart technology energy savings...

Commercial Buildings

Growing a network of Qbus Installers in the UK

In this increasingly crowded market-place installers and contractors must choose companies and products carefully. The combination of IQ Your Home's track record and expertise in the sector and our partnership with Qbus presents a powerful formula for success.

- IQ Your Home will provide the support and infrastructure for developing and diversifying into this fast growing market
- We train you and give technical support and advice
- Qbus is a leading European smart technology platform: since 1999 the Qbus-system has been installed in over 16,000 homes and buildings
- UK product stockholding
- Fast call off and order turnaround

Come and join us at one of our **FREE** introductory training courses

Held in Sevenoaks, Kent, the day is structured to give you a thorough understanding of the advantages of becoming a Qbus Installer and all the benefits that IQ Your Home will add to the opportunity.
